Dear Sir:

Applicant respectfully requests entry of the following amendments to the specification. The amendments are formal in nature and place the Cross-Reference to Related Application section in conformity with the priority claim listed on page 3 of the Supplemental Declaration, also submitted herewith. The Supplemental Declaration was requested by the Examiner in the Examiner's Amendment mailed with the Notice of Allowance on August 11, 2004. The Examiner had stated that the PCT application number on which priority is claimed was incomplete. Accordingly, the Supplemental Declaration contains the complete PCT application number.

SD-227068

The current amendment to the first paragraph of the specification also removes a claim of priority to a family of applications. This change in the claim of priority is also reflected in the Supplemental Declaration submitted herewith.

The Abstract is also amended to conform with the allowed claims.

The amendments require no additional work on the part of the Office and no new matter has been added. This amendment is filed with payment of the issue fee and Applicant respectfully requests entry of the amendments pursuant to MPEP 714.16 and 37 C.F.R. § 1.312.
